Holy Academy Family Students Gave Novel Entertainment—Near Auto Mobile Accident—Notes Worthy of Mention.

On Monday evening the high school students of the Academy of the Holy Family gave their annual Lincoln entertainment. The assembly hall was appropriately decorated with the Stars and Stripes. During the opening scene a Lincoln song, composed by a Sister of the academy, was sung while the girls stood in the form of a V at the vertex of which stood the Goddess of Liberty on a pedestal with a chained slave at her feet. Included in the other numbers was a darky debate over the ownership of a watermelon which proved amusing. There were darky songs and recitations. The closing pantomime was a camp scene at Valley Forge, during which the soldiers sang "Tenting on the Old Camp Ground" very effectively. The prize winners were Miss Alice Connolly of New London, an eighth grade pupil, who won first prize, and Miss Margaret Fagan of Waterbury, second. Miss Marion O'Brien of Springfield won first prize in the commercial department. The next entertainment will be a Washington whist party Tuesday evening and a literary, being on Washington's birthday.

The Norwich man saw the approaching car and quickly turned his car into a nearby ditch and avoided a collision.

John B. Kelley has resigned his position as bookkeeper at the Danielson Trust company, completing his work Thursday.

George Beane, employed by Herbert C. Keach, was injured when he was swept off the big motor truck of the Quinebaug Ice company by being struck in the face by the branch of a tree. Two stitches were required to close the wound in Mr. Beane's face and he was otherwise injured.

Interest Here in Sinking of Ship.
The sinking of the American sailing ship *Lynna*, by an Austrian submarine in the Mediterranean sea was of very special local interest, for Captain C. W. Chaffee, husband of Dr. Emily Briggs, formerly of Danielson, was master of the *Lynna*, on which local people made trips while the ship was engaged in the coastwise trade. At the time of the sinking the *Lynna* was commanded by Captain McDonough of Waterport, Me.

MILITARY CENSUS

STILL HELD UP
Blanks for Enumerators to Work With Have Not Arrived.

The task of making a military survey of Killingly continued to be held up Thursday on account of failure of the blanks to be used by the enumerators arriving. First Selectman John A. Gilbert said nothing more would be done until the blanks are received. In a general way, the town has been divided into districts for canvassing, the detail of assignments to the enumerators at a general meeting of the enumerators as soon as the blanks are received.

An impression has become quite widespread in town that the enumerators are, in effect, going to enlist men for war. This idea is not in accordance with the facts. Nothing in the blanks that any person will be asked to fill out that pledges a person to military service. The intent of the survey is to ascertain the man power of Connecticut and to classify that man power in the interest of the state. Such information as is written into the blanks will be kept secret. The enumerators are not recruiting officers in any sense of the word for their work will be easier if Killingly's male citizens keep that in mind.

COUNTY FARMERS

SELLING OFF STOCK
Shrinkage in Number of Head of Cattle Predicted.

A surprising shrinkage in the number of head of cattle owned in Windham county will be shown by a comparison of figures for October 1916 and 1917, it is now predicted. From all towns of the county come reports of cattle sales and of many more sales planned. Inability to get farm help in sufficient numbers to care for large herds is the principal reason given for selling off of stock, other important reasons being the excessively high price of grain and the sale price of milk, which is held to be so low as to make the production of it barely profitable.

Not a small percentage of the cattle disposed of in towns in this section since last fall has been taken by cattle buyers, whose purchases have been in large part for the beef market.

From the standpoint of agriculturists the reduction of the size of Windham county's herds is deplorable, but under present conditions there seems to be no feasible way to prevent it.

Resolution Passed House Safely.
The resolution providing for an increase in the salary of the judge of the town court of Killingly and providing compensation for the clerical duties connected with the administration of the court passed the house at Hartford without a dissenting vote. The resolution will be on the senate calendar next week.

Increased Debt Looked Forward To.
An increase in the borough of Danielson's indebtedness may be looked for when the annual reports are issued in April, it is said by a town official. This increase in indebtedness will be chiefly due to the fact that the cost of sewer construction during the present year has amounted to approximately \$8,000.

LOCAL MILK PRODUCERS

JOIN N. E. M. P. A.

Unit Has 16 Members Now—J. J. Elliott Delegate to Wauregan Meeting.

An association of milk producers organized here last fall has been taken over as a unit of the New England Milk Producers' association by unanimous vote of members present at a meeting. The officers are Charles W. Williams, president; Theodore H. Bennett, treasurer; Hugh Gorman, secretary.

President Williams said Thursday that the local unit has about 16 members, but an increase to 25 is expected within a few days, as there is much enthusiasm for organization at present. About 1,500 quarts of milk are marketed daily by the members of the local unit, the bulk of this going to the Boston and Providence markets, though some is sold at retail in Danielson.

At Saturday's county association's

PUTNAM

Citizens' Military Census Committee Will Start Work at Once—Rev. C. J. Harriman Chairman—Red Cross to Consider Relief Plans—464 Patients Cared For at Day Kimball Hospital During 1916.

Mrs. John Gahan and daughter, Miss Bernice, were in Worcester Thursday to visit with Mrs. Gahan's son, John, who was operated upon for appendicitis Wednesday at St. Vincent's hospital.

Citizens are being urged to be courteous to the Putnam citizens who are to make the military survey in this town and to give the information requested.

Walter Bates, who has been ill with pneumonia at the county jail in Brooklyn, has so far improved as to be regarded as out of danger.

Headquarters For Military Survey.
The rooms of the Chamber of Commerce are to be used as headquarters for the men who are making the military survey of Putnam.

A man who stood in the Arctic cold before the Champeau store at six o'clock Monday morning, holding a lighted lantern in his hand, is now regarded in some quarters as perhaps one of the gang that burglarized the store.

Girl members of the commercial class of Putnam High School are to assist in making the index system to be used in connection with making the military survey.

Change in Text Books.
A change in certain text books in use in the graded schools in Putnam has been authorized by the town school committee.

Employees of the plant department of the S. N. E. T. company are engaged in setting many new poles along the line that runs south from this city to Danielson east of the tracks of the New Haven road.

Cargill council, Knights of Columbus of this city, has passed a resolution supporting President Wilson's preparedness programme and pledging the support of the members.

The annual Frances Willard memorial service under the auspices of Putnam chapter, W. C. T. U., is to be held this afternoon with Mrs. George E. Holbrook.

Chance of Reorganization.
War clouds seem to promise a splendid opportunity for the reestablishment of a military company in this city. Putnam had a command G company—a unit of the Third Connecticut Infantry, in the Spanish-American war.

A meeting is to be held here today to organize a unit of local milk producers. Officers will be elected. Tomorrow representatives of all the newly organized units in the county will meet here.

Robin Hood is the feature picture that is to be presented at the children's matinee this afternoon under the auspices of the Parent-Teachers' association.

116 Free Patients in 1916.
An annual report shows that 464 patients were admitted to the Day Kimball hospital during 1916. Of this number 116 were free patients.

There is more than a foot of ice over sections of Putnam's amesite pavement, but there is no satisfactory method of getting rid of it.

Mrs. Rose Whalen, 74, widow of John Whalen, died Thursday morning at the Day Kimball hospital. Mrs. Whalen had been a resident here for more than half a century and for 48 years had lived in the same house. She leaves three sons, Richard, Matthew and John, all residents of Putnam.

Mrs. Marguerite Remillard.
Mrs. Margaret Remillard, 78, died on Thursday morning at 3 a. m. at her home in the Morse village. She was the widow of Joseph Remillard, who died about 18 years ago. Mrs. Remillard, who made her home with her sister, Helen Gauthier, had been a resident here for more than forty years. She leaves three brothers, two of whom are in Boston, the other in Hartford.

MILITARY SURVEY TO BE STARTED AT ONCE.

Committees Appointed—Rev. C. J. Harriman Chairman.

The military survey committee has organized with Rev. C. J. Harriman as chairman and Harold W. Files, superintendent of schools, as secretary. The committee has its headquarters in the rooms of the Chamber of Commerce.

The inside committee is made up of George A. Bradley, Postmaster Alexander Gilman, Hermon G. Carver, C. E. Dean and Richard Gorman. The committee will supervise the work of the enumerators.

The public committee is made up of Attorney Arthur S. Macdonald and Harry C. Meinken.

The making of the survey will begin at once. An appeal has been made to all male persons liable to be approached to make the work of the census takers pleasant and agreeable by promptly furnishing the information that will be requested. The census is by no means an enrollment for military service and no such service is pledged by answering the questions that will be asked.

A few persons filled out their blanks yesterday.

WILL CONSIDER PLANS FOR MILITARY RELIEF

Local Chapter of Red Cross to Meet Next Thursday.

It was announced here Thursday afternoon that there is to be a meeting next Thursday afternoon in the rooms of the Chamber of Commerce of the local Red Cross auxiliary to consider plans for military relief in the United States. This is to be an open meeting and an effort is to be made to have present as many as possible of the women of the city. There is tremendous interest in all parts of the country in the activities of the Red Cross and the hope is that much enthusiasm will be shown here.

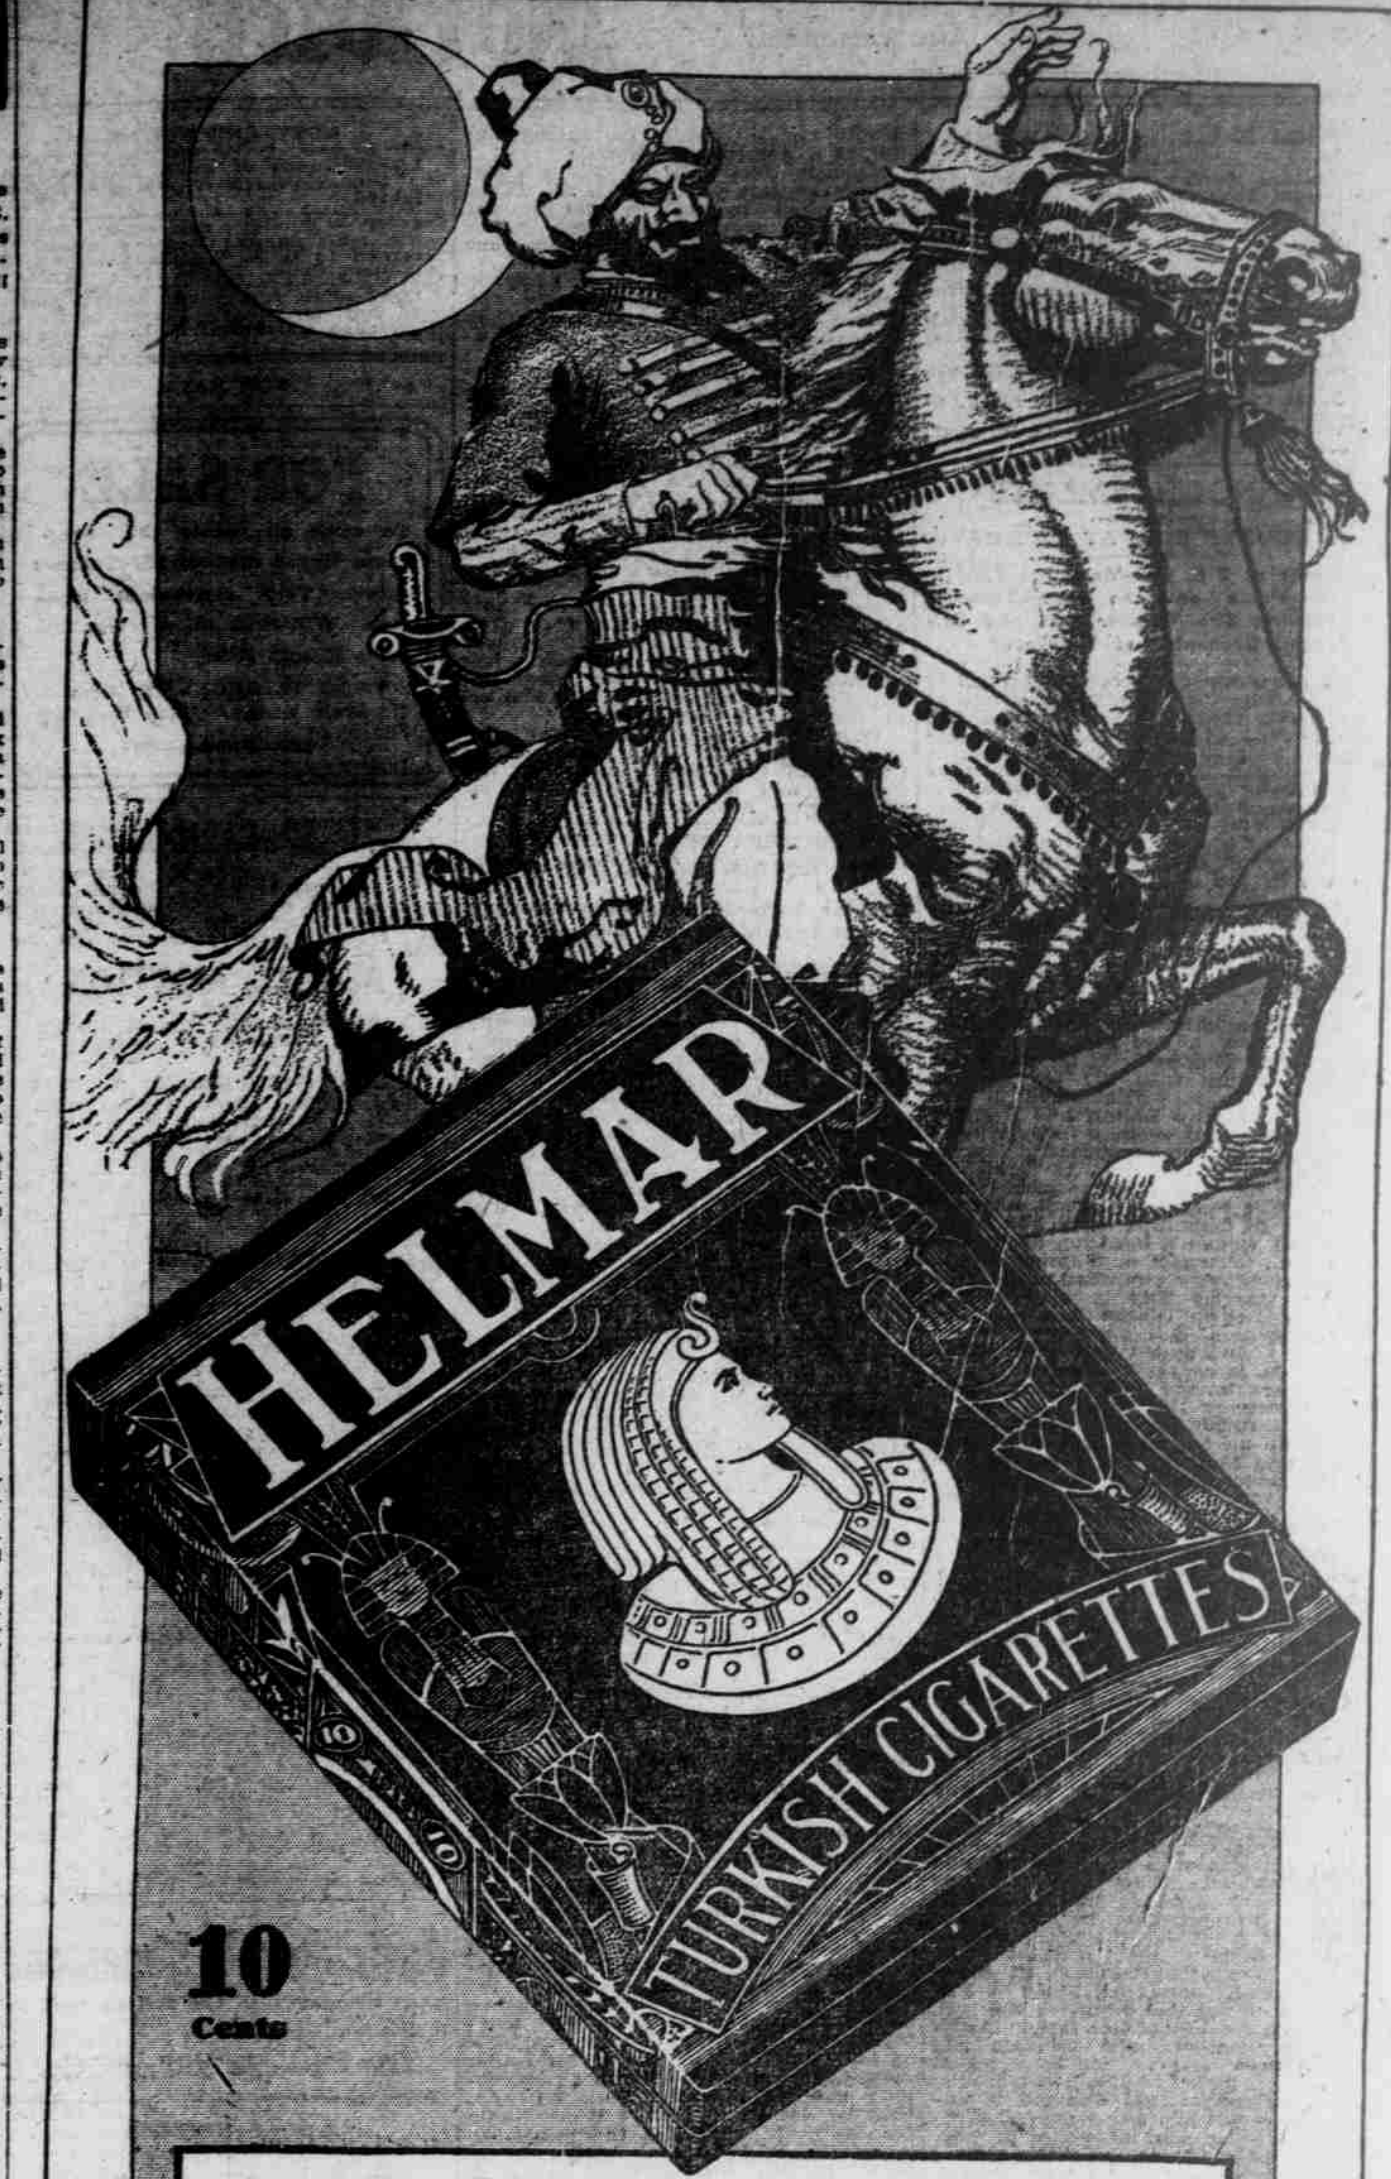

Mrs. Harold W. Files is president of the local organization, Mrs. W. E. Rafferty a vice president, Miss Inez Bowler secretary, Miss Harriet Brown treasurer.
